EXPANDING CAPABILITIES WITH THE **NILPETER FA17**

Turner Labels is proud to announce we have purchased a Nilpeter FA17 Flexographic Press. With this addition to our flexo division, we now have the capability to produce long print runs at higher speeds with expanded gamut process UV inks. This press allows Turner Labels to produce the widest labels yet in our history with 17" stocks, and we look forward to the opportunity to grow with an established manufacturer like Nilpeter.

PRINTING SPECIFICATIONS:

- 8 print stations
- CMYKOGV expanded gamut
- UV inks and varnishes
- Finishing includes diecutting, coating, and laminate in-line
- Max image width- 15.5"
- Maximum image length- 24.75"/198 tooth repeat
